MULTIPLAYER ONLINE DRAGON, INC.
(A DEVELOPMENT STAGE COMPANY)
NOTES TO FINANCIAL STATEMENTS
December 31, 2012
(Expressed in US Dollars)

1. OPERATIONS

Multiplayer Online Dragon, Inc. (the “Company”) was incorporated in the State of Nevada on July 3, 2008. The principal activity of the Company is planned to be designing, hosting, and marketing collaborative internet search communications systems.

On December 21, 2010, as more fully discussed in Note 3, the Company entered into an Agreement to participate in a Joint Venture for the purpose of developing certain computer software programs for commercialization.

Going Concern

The accompanying financial statements have been prepared on a going concern basis, which assumes the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The Company has incurred losses totaling \$553,793 for the period from July 3, 2008 (inception) to December 31, 2012. While the Company had working capital of \$41,207 at December 31, 2012, as discussed in Note 3, the Company is committed to incurring substantive Research and Development expenses in a software development joint venture. Accordingly, it is likely the Company will continue to experience significant losses in the foreseeable future, for which it will continue to be dependent upon additional funding through private placements. There is no assurance that such funding, which may continue to include related party sources (see Note 5), will be available in the future. These factors raise substantial doubt regarding the Company’s ability to continue as a going concern. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

2. INTERIM FINANCIAL STATEMENTS

The unaudited financial statements as of December 31, 2012 and for the three and nine months ended December 31, 2012 and 2011 and for the period from July 3, 2008 (inception) to December 31, 2012 have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with instructions to Form 10-Q. In the opinion of management, the unaudited financial statements have been prepared on the same basis as the annual financial statements and reflect all adjustments, which include only normal recurring adjustments, necessary to present fairly the financial position as of December 31, 2012 and the results of operations and cash flows for periods ended December 31 and 2011 and for the period from July 3, 2008 (inception) to December 31, 2012. The financial data and other information disclosed in these notes to the interim financial statements related to these periods are unaudited. The results for the three and nine months ended December 31, 2012 are not necessarily indicative of the results to be expected for any subsequent quarter of the entire year ending March 31, 2013. The balance sheet at March 31, 2012 has been derived from the audited financial statements at that date.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to the Securities and Exchange Commission’s rules and regulations. These unaudited financial statements should be read in conjunction with our audited financial statements and notes thereto for the period ended March 31, 2012 as included in our report on Form 10-K filed on June 29, 2012.

3. JOINT VENTURE AGREEMENT

On December 21, 2010, the Company executed an Agreement with Webprizm.com, a Nevada corporation (“Webprizm”), and Brenner Family Holding Corp. (“Brenner”). Webprizm is a wholly owned subsidiary of Brenner. Brenner is owned by a trust which beneficiaries include family of the Company’s former (from December 21, 2010 to July 12, 2012) Chief Executive Officer.

The Agreement provides for a Joint Venture between the Company and Webprizm for the purpose of developing the Project (computer software programs known as “the webprizm system”) for commercialization. The Company agreed to incur a minimum of \$10,000,000 in research and development expenses with respect to the commercialization of the Project (the “Expenditures”) on or before December 21, 2015 and Webprizm granted the Company an exclusive license to use and sublicense (with prior written consent of Webprizm) the Project and any Improvements. Net revenue from the Project (none through December 31, 2012) is to be divided equally between Webprizm and the Company within 60 days of the end of calendar year end.

The Agreement also granted the Company an Option to acquire all outstanding shares of Webprizm or its assets (exercisable only after the Expenditures have been incurred on or before December 21, 2015) in exchange for delivery of shares of Company capital stock representing 51% of all voting rights attached to all outstanding securities. The Company may decide not to exercise the Option by providing written notice to Brenner. In such event, the Joint Venture, the License, the Option, and the Agreement is to be terminated immediately.

The precise timing of when the \$10,000,000 Expenditures will occur is not specified in the Agreement. However, the Company has informally agreed to periodically reimburse Webprizm for that entity’s actual research and development costs incurred by it. The first payment to Webprizm was made on February 2, 2011 in the amount of \$328,997 (representing Webprizm’s actual research and development costs incurred from August 17, 2009 to December 31, 2010). The Company expensed the \$328,997 as “Research and Development” in the Statement of Operations during the three months ended December 31, 2010.

4. DUE TO ADMINISTRATIVE SERVICES COMPANY

On March 25, 2011, Magnus Management (2006) Ltd. (an administrative services company) advanced \$15,000 on behalf of the Company to the Company’s law firm in connection with the Company’s planned public offering (see Note 8). The \$15,000 advance due Magnus does not bear interest and is due on demand.

5. DUE TO RELATED PARTY

At March 31, 2012 and December 31, 2012, the Company was indebted to the former Chairman of the Company (resigned effective August 5, 2011) for cash advances of \$30,826. The amount is unsecured, non-interest bearing and has no specific terms of repayment.

6. COMMON STOCK

Effective November 5, 2010, the Company affected an 8 for 1 forward stock split, increasing the issued and outstanding shares of common stock from 12,000,000 shares to 96,000,000 shares. All shares and per share amounts have been revised to retroactively reflect this stock split.

On March 1, 2009, the Company sold 80,000,000 shares of common stock to its then president and director at a price of \$0.000125 per share for cash proceeds of \$10,000.

From December 2009 to February 2010, the Company sold a total of 16,000,000 shares of common stock in its public offering at a price of \$0.00625 per share for total cash proceeds of \$100,000.

On December 21, 2010 and December 22, 2010, the Company sold a total of 1,000,000 restricted shares of common stock (700,000 shares to the daughter of the Company's former chairman and 300,000 shares to a foreign corporation affiliated with the Brenner Family Holding Corp.) at a price of \$0.50 per share for cash proceeds of \$500,000.

The Company has no stock option plan and has not issued any warrants or other potentially dilutive securities.

7. INCOME TAXES

Potential benefits of income tax losses are not recognized in the accounts until realization is more likely than not. At December 31, 2012, the Company has a net operating loss carryforward of \$553,793, which expires \$8,538 in 2029, \$59,039 in 2030, \$389,742 in 2031, \$74,121 in 2032, and \$22,353 in 2033. Pursuant to ASC 740, the Company is required to compute tax asset benefits for net operating losses carried forward. Potential benefit of net operating losses have not been recognized in these financial statements because the Company cannot be assured it is more likely than not it will utilize the net operating losses carried forward in future years.

The components of the net deferred tax asset are as follows:

	September 30, 2012	March 31, 2011
Net operating loss carryforward	\$ 193,828	\$ 186,004
Valuation allowance	(193,828)	(186,004)
Net deferred tax assets	<u>\$ -</u>	<u>\$ -</u>

For the nine months ended December 31, 2012 and 2011 and for the period July 3, 2008 (inception) to December 31, 2012, a reconciliation of the statutory tax rate to the effective tax rate follows:

8. COMMITMENTS AND CONTINGENCIES

Joint Venture Agreement

As more fully discussed in Note 3, the Company executed an Agreement on December 21, 2010 to provide \$10,000,000 to a Joint Venture on or before December 21, 2015. There is no assurance that the Company will have sufficient funds to meet this commitment.

Planned Public Offering

On March 24, 2011, the Company executed an engagement letter agreement with its law firm to prepare and file a Form S-1 registration statement with the SEC in connection with the Company's planned public offering of up to 3,000,000 shares of its common stock at a price of \$0.50 per share. The agreement provides for total payments of \$25,000 to the law firm, \$15,000 upon execution of the agreement (\$15,000 was paid March 25, 2011; see Note 4) and the balance when the Form S-1 registration statement is declared effective by the SEC.

To date, the Company has not filed any Form S-1 for the public offering and is reconsidering such plans.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

This section of this quarterly report includes a number of forward-looking statements that reflect our current views with respect to future events and financial performance. Forward-looking statements are often identified by words like: believe, expect, estimate, anticipate, intend, project and similar expressions, or words which, by their nature, refer to future events. You should not place undue certainty on these forward-looking statements, which apply only as of the date of this report. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results or our predictions.

Plan of Operations

We are a start-up corporation and have not yet generated or realized any revenues from our business operations. Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an on-going business for the next twelve months unless we obtain additional capital to pay our bills. This is because we have not generated any revenues and no revenues are anticipated until we begin operations. There is no assurance we will ever reach this point.

We are not going to buy or sell any plant or significant equipment during the next twelve months. We believe we can satisfy our cash requirements during the next 12 months. We do not expect to purchase or sell plant or significant equipment. Further we do not expect significant changes in the number of employees.

Results of Operations

On March 1, 2009, we sold 80,000,000 post-split restricted shares of common stock to Yuan Kun Deng, our former president and a member of the board of directors and raised \$10,000.

Since inception we have retained an auditor and attorney in connection with our public offering. Further, we have started to map architecture and review contracting and staffing needs.

We have completed the software programming to run the search engine and designed the functional prototype. We plan to put this bid out to its subcontractor programmers in China and other countries and begin private online beta testing.

Effective November 5, 2010, the Company effected an 8 for 1 forward stock split, increasing the issued and outstanding shares of common stock from 12,000,000 shares to 96,000,000 shares. All shares and per share amounts have been revised to retroactively reflect this stock split.

For the three months ended December 31, 2012 as compared to December 31, 2011

During the three months ended December 31, 2012, we had a loss of \$6,020 versus a loss of \$10,062 for the three months ended December 31, 2011. The decrease was due to the decrease in professional fees.

For the nine months ended December 31, 2012 as compared to December 31, 2011

During the nine months ended December 31, 2012, we had a loss of \$22,353 versus a loss of \$43,846 for the nine months ended December 31, 2011. The decrease was majorly attributed to the decrease of general and administrative expenses in 2012.

Milestones

Our specific goal is to begin developmental components of our business plan including developing our website, developing software, designing and implementing and marketing the collaborative social search engine. We intend to accomplish the foregoing through the following milestones:

1. Begin limited online “locked” beta testing. Completion date was estimated by October 2012. Finalize any changes in the design and public launch. Completion date is estimated by December 2012. This is complete. Second stage beta testing to Users and Advertisers is underway and is estimated to complete March 2013.
2. Our marketing program will include our website promotion and personal selling. We will do personal selling initially and may hire contractors and agencies skilled in relevant marketing. We have budgeted between \$25,000 and \$55,000 for marketing. Marketing will commence as soon as our beta testing is completed.
3. Within 6 months from the initiation of our marketing program, we believe that we will begin generating fees from the sale of advertising on our system.

In summary, we should be generating fees from the sale of advertising within 15 months from the date of this report.

Limited Operating History; Need for Additional Capital

We have no current or historical operations or product. There is no historical financial information about us upon which to base an evaluation of our performance. We have not generated any revenues from operations. We cannot guarantee we will be successful in our business operations. Our business is subject to risks inherent in the establishment of a new business enterprise, including limited capital resources and possible cost overruns due to price and cost increases in services.

To become profitable and competitive, we have to be able to attract customers and generate revenues. We have no assurance that future financing will be available to us on acceptable terms. If financing is not available on satisfactory terms, we may be unable to continue, develop or expand our operations. Equity financing could result in additional dilution to existing shareholders.

Liquidity and Capital Resources

As of the date of this report, we have not generated any revenues. We are currently in the start-up stage of our operations.

To meet our initial need for cash we sold 80,000,000 restricted shares of common stock to Yuan Kun Deng, our former president and a member of the board of directors, in consideration of \$10,000.

At the present time, we have not made any arrangements to raise additional cash other than our public offering. If we need additional cash and can't raise it we will either have to suspend operations until we do raise the cash, or cease operations entirely. Other than as described in this paragraph, we have no other financing plans.

As of December 31, 2012, our total assets were \$107,309 comprised of \$92,309 in cash and \$15,000 in deferred offering costs, our total liabilities were \$51,102.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and are not required to provide the information under this item.

ITEM 4. CONTROLS AND PROCEDURES.

Under the supervision and with the participation of our management, including the Principal Executive Officer and Principal Financial Officer, we have evaluated the effectiveness of our disclosure controls and procedures as required by Exchange Act Rule 13a-15(b) as of the end of the period covered by this report. Based on that evaluation, the Principal Executive Officer and Principal Financial Officer have concluded that these disclosure controls and procedures are effective.

There were no changes in our internal control over financial reporting during the quarter ended December 31, 2012 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION.

ITEM 1A. RISK FACTORS.

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and are not required to provide the information under this item.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

On September 30, 2009, our Form S-1 registration statement (SEC file no. 333-159896) was declared effective by the SEC. Pursuant to the S-1, we offered 1,000,000 shares minimum, 2,000,000 shares maximum at an offering price of \$0.05 per share in a direct public offering, without any involvement of underwriters or broker-dealers. In December 2010, we sold 16,000,000 post-split shares of our common stock at a post-split offering price of \$0.00625 per share and raised \$100,000. Since then, we have used the proceeds as follows:
